VERITAS ASSURANCE INTERNATIONAL

## INTERIOR DESIGNING:

The groundwork for all concepts and designs proposed to our clients will be based on the comprehension of the client's company and requirements of the project. Using prime planning techniques based on the space availability and utilizing joinery options, we are focused on developing the most authentic setting in keeping with the client's needs.

Our team of designers and engineers work towards delivering designs that are the combination of creativity and luxury bearing in mind the client's demands.

Each and every member of Pangulf team is hand picked for his or her consummate professionalism and innate understanding of teamwork. The success of our company is not only due to our highly capable team and vast resources; it is also a result of Pangulf's unique, fast-track strategies that streamline design and manufacturing milestones, unlike any other traditional establishment undertaking.

Our team of experts exudes top-notch expertise and quality focused work ethics. They respect timelines, create efficient and effective bespoke solutions, and execute them flawlessly, so they are recognized and well- appreciated by our clients.

## EXPERTISE IN WORKING ON JOINERY AND FURNITURE

Any fit-out project entails the requirement of joinery and furniture. They both play a role in bringing any project together. Any ambience that the client desires can be completely fulfilled with the right joinery or furniture.

Our company assures the usage of the best materials when it comes to both. All concepts are created according to the needs of the client while adhering to the budget. Quality and elegance are always guaranteed.

Our company works directly with clients to ensure that they acquire exactly what they want. With the help of a variety of resources that are available right at our fingertips, we are able to put forth exactly what the client needs us to do.

## PRODUCTION

Production in PanGulf holds a great importance as it must be executed in the best way possible, which our company is known to do. Our team of engineers closely monitor each process of the production to make sure the best quality has been achieved for all our clients.

## CNC DESIGNS

Accuracy is our priority, We execute most of our projects through CAD operated CNC machines to get precise measurements and finishes for our clients. After the CNC process we undergo a sanding procedure to get perfect edge finishes.

We also take in separate jobs for CNC as well for our B2B customers where in we do it with design as well or just based on the drawings as per their requirements.

## UPHOLSTERY

Tailoring the fabrics that meet your expectations in your budget is our first target. Our team is well experienced in the upholstery of any types of furniture whether it is beds, sofas, chair cushions, cladding. We take in re-upholstery orders as well and deliver a completely new & refreshed furniture based on our own wide range of foams, fabrics & designs.

## INTERIOR FIT-OUTS
