OFFICE SOLUTION

COLLECTION

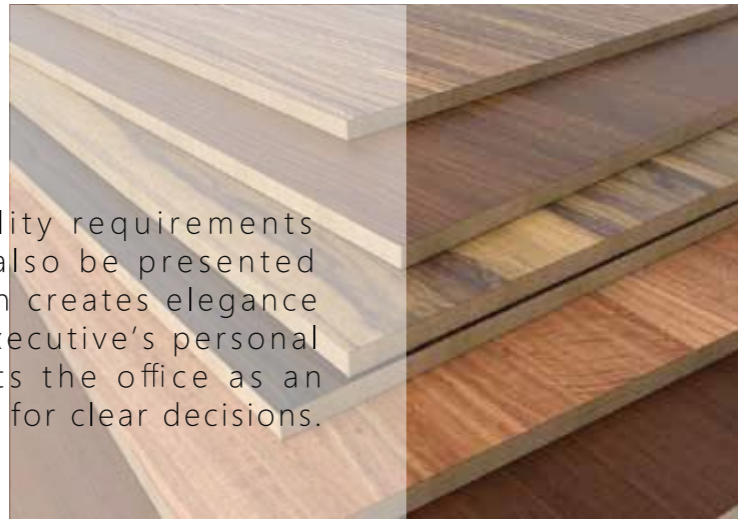

EXECUTIVE DESK Collection

EXECUTIVE DESK Collection

EXECUTIVE DESK

In addition to the exceptional functionality requirements placed on an executive office, it must also be presented without being presumptuous. Modern design creates elegance and expresses the corporate culture and executive's personal style. Executive office furniture highlights the office as an area for communication and its design stands for clear decisions.

Beech

There are 11 species of Beech that can be found in the Northern parts of Europe, Asia and North America. Beech Trees are known to survive up to 400 years. Other than Furniture Manufacturing, Beech wood is used to manufacture Musical Instruments as well.

MF 301 Golden Beech MF 302 Bavarian Beech

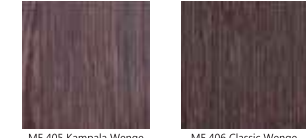

MF 303 Flamed Beech MF 308 Wheat Beech

Wenge

Wenge grows in swampy areas in Zaire, Cameroon, and Gaboon. Wenge trees are modest in height - averaging about 60 feet with 2-foot diameters. The Wenge wood color typically is dark brown with streaks that resemble animal claw marks and lighter patterns that are wavy.

MF 361 Wenge MF 402 Italian Wenge

MF 405 Kampala Wenge MF 406 Classic Wenge

Oak

Oak Trees are found primarily on the Northern Hemisphere. There are over 600 species of Oak, They can survive in various forests, including those in temperate climates, Mediterranean and Tropical Areas. Oak Trees are usually large in size. They can reach 70 feet in height and 9 feet in width.

Most species of Oak live over 200 years. There are certain trees that can survive over 1000 years.

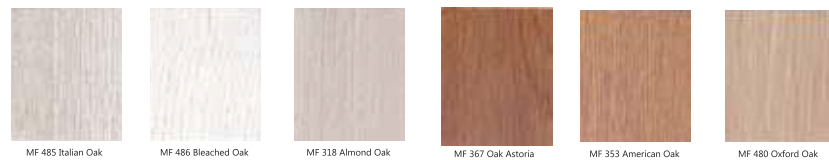

An Oak tree planted during the reign of King John managed to survive 800 years over the reign of 35 rulers.

MF 484 Fine Oak

MF 488 Marina Oak

MF 485 Italian Oak MF 486 Bleached Oak MF 318 Almond Oak MF 367 Oak Astoria MF 353 American Oak MF 480 Oxford Oak

Walnut

MF 364 Red Walnut MF 365 Fancy Walnut MF 377 Swiss Walnut

MF 366 Walnut MF 368 Walnut Syca MF 378 Rock Walnut

MF 363 English Walnut

Walnuts typically have a short trunk and broad crown, though can be narrower if grown in a woodland situation. The bark is smooth and olive-brown when young, developing fissures and fading to silver-grey with age. According to researchers, Walnuts have been a part of the human diet for around 10,000 years. People consume approximately 2.5 Million Tons of Walnuts every year and most of the commercially available Walnuts originate from California, which is the greatest producer of Walnuts in the world.

Note: There may be some variation between the Digital image and Actual Sample

Maple

There are 128 species and couple of thousand varieties of Maple that can be found mostly on the Northern Hemisphere. Fossil evidences indicate that Maples have existed on the planet at least 100 million years.

MF 321 Hard Rock Maple MF 323 Planked Maple

MF 322 Fusion Maple MF 401 Canadian Maple

Cherry

Cherry Tree belongs to the Rose Family. They grow primarily in the Temperate regions as they require low temperatures to germinate. Cherry Trees can grow upto 33 Feet in height and develop white or pink flowers during Spring.

MF 314 Flower Cherry MF 315 Black Cherry MF 316 Dark Cherry MF 313 Brown Cherry

MF 317 Chester Cherry MF 319 Arabian Cherry MF 312 Fresh Cherry

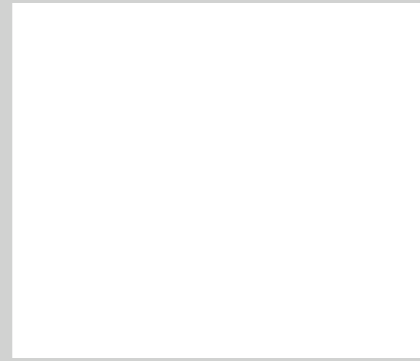

Note: There may be some variation between the Digital image and Actual Sample

Plain Colors

Emilam has one of the largest variety of Plain colors in the region. Ranging from Light to Dark to Metallic shades, there is a good choice to fulfil your furniture needs.

Introducing six new colors:

- Perfect White (MF 111)
- Mastic (MF 125)
- Almond (MF 126)
- Coral Pink (MF 127)
- Dove Grey (MF 133)
- Warm Grey (MF 134)

MF 111 Perfect White

Introducing NEW SuperMatt Finish

The SuperMatt Finish is ideal for furniture as it combines the smoothness of Matt Finish along with Scratch Resistance. Samples are shown below for representation.

The SuperMatt Finish can be Applied to any Color or Design in this Catalog

SM 613 Linewood Dark

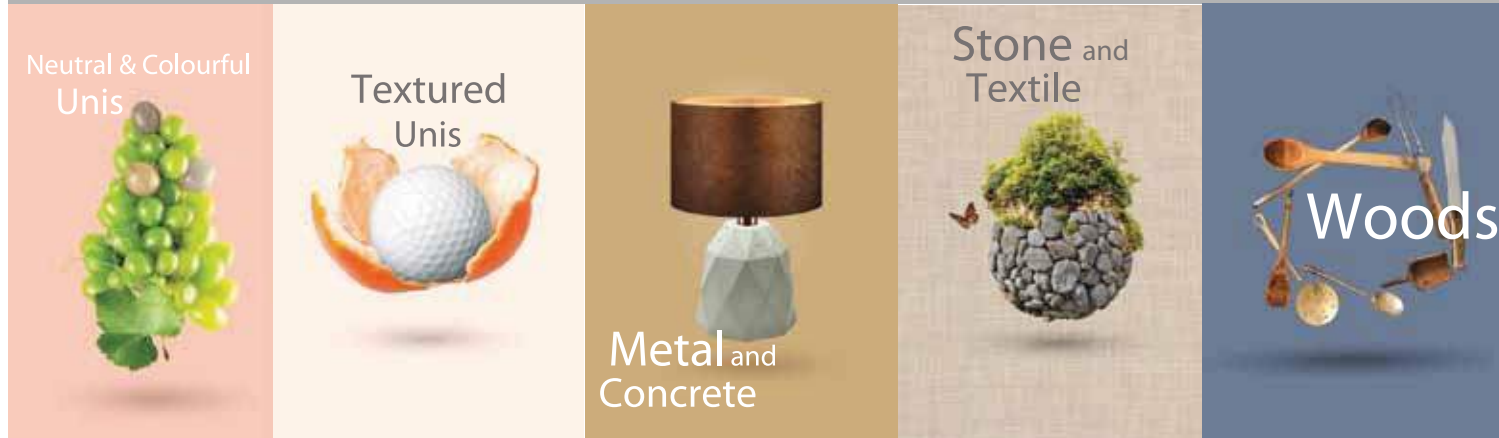

Note: There may be some variation between the Digital image and Actual Sample

W908 SM BASIC WHITE

Description
Basic White can be combined with all material, Uni and woodgrain décors. It is mainly used in the carcass or furniture interior furnishing. The satin etched surface SM provides this neutral white with a feel similar to lacquer.

Characteristics	Décor Group	NCS
Colour & Décor Worlds Basic Whites	White	S052-G50Y
Surface Texture SM Semi Matt	Colour Tone White	Ral 9016

W980 ST12 PLATINUM WHITE WOOD GRAIN

Description
Platinum White is the all-rounder white for all uses and combinations. It is often used in all furniture and interior design areas. The Omnipore Matt texture conveys to this neutral white a certain wood grain effect and makes it robust enough for all surfaces.

Characteristics	Décor Group	NCS
Colour & Décor Worlds Basic Whites	White	S052-G50Y
Surface Texture ST12 Omnipore Matt	Colour Tone White	Ral 9016

W1000 ST2 PREMIUM WHITE

Description
Premium White is a solid white which looks very high-quality. Its warm neutrality creates a harmonious contrast to natural woodgrains.

Characteristics	Décor Group	NCS
Colour & Décor Worlds Premium Whites	White	S0500-N
Surface Texture ST2 Smoothtouch Pearl	Colour Tone White	Ral 9003

W1000 ST22 PREMIUM WHITE

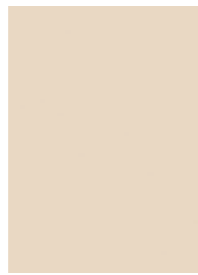

Description
Premium White is a highly covering white that looks very high-quality. Its Deepskin Linear creates a linear grained softwood character on the neutral quality white.

Characteristics	Décor Group	NCS
Colour & Décor Worlds Premium Whites	White	S0500-N
Surface Texture ST22 Deepskin Linear	Colour Tone White	Ral 9003

U156 ST9 SAND BEIGE

Description
Sand Beige has a reddish beige tone that works in many different combinations. This colour tone represents a harmonious combination that looks warm but neutral on almost any type of wood. The Smoothtouch Matt surface provides a natural matt feel that can be compared with a lacquered surface.

H1199 ST12 BLACK BROWN THERMO OAK

Description
Thermo wood often has a beautiful and natural colour interplay despite its relatively dark colour. The Black-Brown Thermo Oak also displays a colour interplay with light and medium natural colours and works very well in combination with white and light Uni colour through earthy colours to beige tones. The Omnipore Matt surface works particularly well on dark colours.

DECORATIVE BOARDS

H3395 ST12 NATURAL CORBRIDGE OAK

Description
Natural Corbridge Oak is the successor of classical oaks and displays a more natural character and modulation than existing variants. It mixes natural and elegant elements and doesn't look too rustic. The new Omnipore Matt surface provides it with a naturally soft feel that has a modern pore configuration.

H3398 ST12 COGNAC KENDAL OAK

Description
The Kendal Oak series is an elegant and nevertheless natural oak. The decor is generally linear and displays natural markings. This natural character gives a modern appearance to the classic cognac colour. The new wood pore with increased Omnipore Matt surface adds to the naturalness.

H1401 ST22 CASCINA PINE

Description
When it comes to the Cascina Pine, the colour white is in the foreground, while natural pine elements in vintage show through and provide great originality to this decor. Thanks to the striking rustic elements, the designer has the option of using white but still bringing a trendy naturalness into the room. This character is strengthened by the smooth linear and featured brushed Deepskin Linear surface.

H1122 ST22 WHITE WOOD

Description
Whitewood is a typical decor in the "Colour meets Nature" style world. Based on a coloured wood with black lines that look like cracks, it represents a festive wood with black and white contrast. The Deepskin Linear surface supports the linear character and provides the decor image with an added natural character.

H1123 ST22 GRAPHITE WOOD

Description
Graphitewood represents the opposite of whitewood. Using the same decor image, the basis is now coloured in a graphite grey with white lines that look like cracks. The Deepskin Linear surface supports the linear character and provides the decor image with an added natural character.

H1180 ST37 NATURAL HALIFAX OAK

Description
Natural Halifax Oaks often used in kitchens or on living room furniture, where it fulfills, through its striking cracks and knots, the desire for nature and authenticity in the living space. It works very well in combinations with modern materials, such as metal, glass, and stone. Thanks to the *Al Somal*, meaning reduced repetition of cracks in the decor image, it can also be used on large surfaces and is enhanced by the structured Feelwood Rift surface.

H3081 ST22 BLACK HAVANA PINE

Description
Black Havana Pine is a rather modern exclusive decor that displays a naturally linear grain that can also be felt with the Deepskin Linear surface. The cool, almost black colour tone can be used well for black-white contrasts, but also works well with colour accents.

WOOD FLOORING

COLLECTION

EUROPEAN MADE COLLECTION

**UPGRADE TO THE NEW
GENERATION DESIGN OF FLOORING**

Why Wood Floors Is The Best Choice For You?

Wood Floors comes with a warm wooden finish that gives your home a serene, inviting look.

The natural wood design gives the floor a very earthy look. Plus the specially engineered surface protection technology makes the floor sturdy, resistant to scratches, stains and water spills and lends it durability.

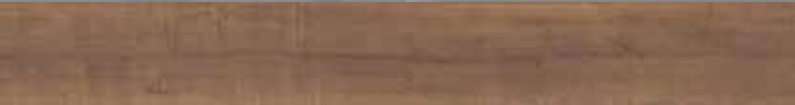

Add to this the ease of installation and you've got a winner in your hand. Did you know you also have the option of moving an entire floor from one room to another with the blink of an eye.

FORMATS

KINGSIZE 1,291 x 327 mm

LARGE 1,291 x 246 mm

CLASSIC 1,291 x 193 mm

MEDIUM 1,291 x 135 mm

SURFACE TEXTURE

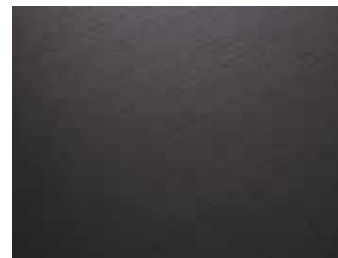

Smoothtouch
Velvety impression and an extremely fine texture. Very regular surfaces and elegant lacquer finishes.

Mineral
Lends stone, metal, concrete, as well as wood reproductions its authentic look.

Natural Pore
Like solid wood. Authentic woodgrains or rough sawn presentation can hardly be distinguished from nature

Deepskin
Very deep, rustic surfaces. The texture is mainly linear.

Omnipore
Reproduces wood textures in an elegantly natural manner and highlights the characteristics of different types of wood.
